

Pupil Name: _____

History of Wool

Circle or highlight what wool has been used to make in the past and present:

Food

Blankets

Slug Control

Clothes

Skincare & Makeup

Furniture

Musical Instruments

Cleaning up oil

Boots & Shoes

Carpets & Rugs

Paper

Bandages & Wound Dressing

Fertiliser

(to feed soil/plants)

Mulch

(to stop weeds growing around plants)

Insulation

(keeps houses warm)

Wool is a renewable resource as a sheep grows a new fleece each year and they must be sheared to keep the sheep healthy. Can you complete the seasons and match what happens on a sheep farm to the correct season by linking with the activity underneath?

SEASONS

AUTUMN

September – October – November

WINTER

December – January – February

SPRING

March – April – May

SUMMER

June – July – August

Ram goes out to ewes

Pregnant ewes are scanned

Lambs are born

Sheep are sheared
